I know it's getting very late for some of you, and it's been a busy day for all of us. But before we call it a night, I'd like to give a few shout outs.

Seriously, THANK YOU @Moderators - you have no idea how much your dedication is appreciated and how much easier it makes the day for all of us!

**[PF] AlexM 2/20/2021, 6:05:19 PM**

And thank you to all of our @Hosts for their efforts behind the scenes as well. It's taken a lot of people to make today possible.

**[PF] AlexM 2/20/2021, 6:07:13 PM**

As a reminder, we will be making transcripts of all of the sessions. Stay tuned for announcements on this server when those transcripts are available.

**[OF] Cam 2/20/2021, 6:07:14 PM**

lol

**[PF] AlexM 2/20/2021, 6:07:33 PM**

Before I go, feel free to stay in the server and continue to hang out. Just because the panels are over for today does not mean that the fun has to end. We also have several workshop rooms which are open for you to bring any raw concepts relating to games, characters, starships, worlds, etc. and get some free crowdsourcing thoughts and feedback on those ideas. We simply ask that all criticism be constructive. These are also open all year-round! There are also several different recruitment channels available that will continue to remain open.

The hosts of Khitomer are definitely looking for more ways to keep the spirit of this event alive all year long. We're already hard at work on developing some special methods of recognizing the fantastic sims and players and organizations in our wider Trek community. Stay tuned to this server in the coming weeks for more details.

Thanks everyone for being here, being good readers and question-askers and most importantly, being so well-behaved!

This has been a great, drama-free event. And that's on all y'all. Thank you!

**[22] greenfelt 2/20/2021, 6:09:20 PM**

I would say it's been our best event ever!

**[PF] Amethyst 2/20/2021, 6:09:29 PM**

Before we close the rooms out, I want to say thank you to @everyone that came and supported us today. A lot of work goes into these events, but we do it all for you. So, thank you for taking the time out of your day, for being here, for supporting your panelists, for representing your communities, and for helping us move forward with the whole underlying concept of Khitomer which is moving forward together. Y'all have been absolutely AMAZING!

**aio 2/20/2021, 6:09:52 PM**

Another great success. I want to echo what has already been said by others, without the @Panelists, the @Moderators, and most especially without @everyone who joined us, who joined in the panels, played along with the trivia, contributed in various other ways, thank you all so much!

Without everyone, without all the cogs moving smoothly, we wouldn't have an event, and what an event it was! I think I speak for all of us, in saying it has been an amazing day, and I can't wait for next years!

**[PF] CorCordale 2/20/2021, 6:10:54 PM**

As a Moderator, it was our pleasure to make sure this year went smooth

**[PF] AlexM 2/20/2021, 6:11:26 PM**

Thank you again to everyone for joining us today! The next event on our calendar will be SciWorld, which will be coming up sometime this summer, so stay tuned for that. I look forward to seeing you all again soon! Thank you!
